

When the outcome of a critical court case is riding on a key piece of evidence, you can't afford to take chances. Countless hours of police work (analysis, investigation, case preparation, etc.) are invested in the management of evidence & property. You need complete confidence that your hard work is being properly documented and tracked.

The QUICK® Evidence/Property module is a mobile extension of the SunGard Public Safety and Justice crimes software that manages every piece of evidence throughout the chain of custody, from acceptance to disposal, return or auction.

QUICK® Evidence/Property Features:

- Online real-time access to SunGard applications
 - ◆ Work in the office over a wireless local area network (WLAN)
 - ◆ Work on the road over a wireless wide area network (WWAN)
- Streamlined processing via bar code scanning
- Bar Code label printing capability
- Evidence/Property Physical Inventory
- Mass Update
- Check In/Check Out
- Property Tag Summary

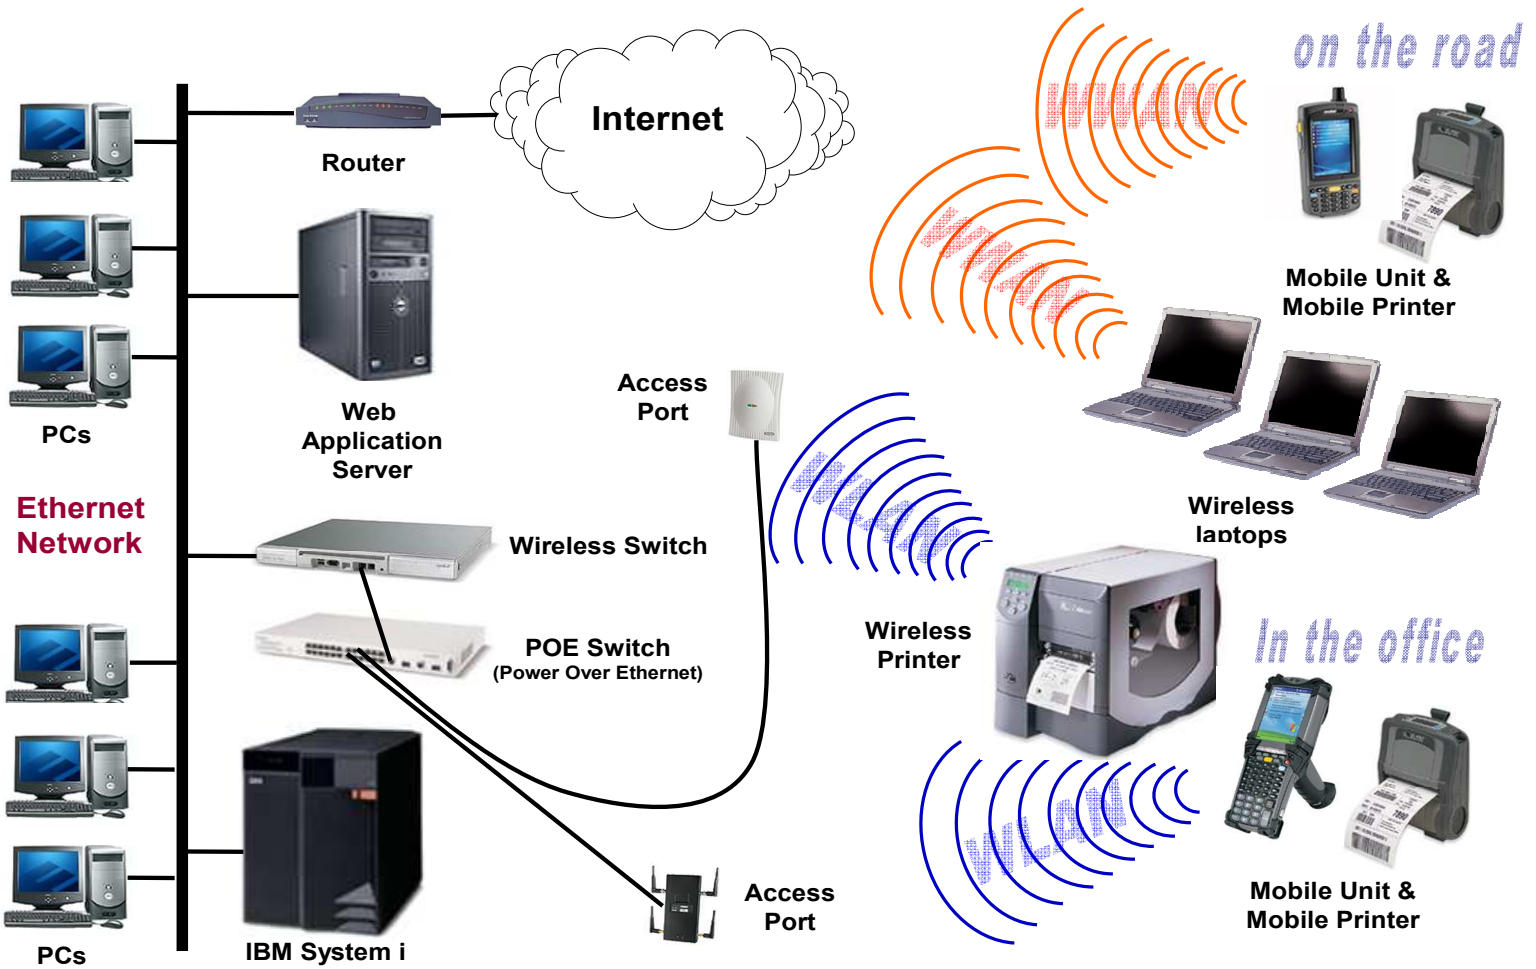

"I enjoyed working with Quatred," said Chris Hagwood, East District Lieutenant of the Garner, NC Police. **"They are 100% focused on customer service and work hard to deliver a quality product. During the implementation, our Quatred representative was very knowledgeable, courteous and rapidly overcame all obstacles that were encountered."**

*Chris Hagwood, East District Lieutenant
 Garner, North Carolina Police Department*

The following are the minimum requirements for implementing the QUICK® Mobile Computing/Bar Coding Interfaces for SunGard public administration and public safety applications.

QUICK® Interface Overview Diagram

Web Application Server

- Microsoft® IIS 6.0
- Microsoft® .NET Framework 2.0
- IBM® iSeries Access V5R3M0 or higher (latest PTFs)
 - ◆ Only Data Access Component / .Net Data Provider

IBM System i

- V5R3M0 or higher
- SunGard® Public Admin or Public Safety Bar Coding Interface at 5.0.9.0 or higher

Motorola MC70 or MC9090

- QUICK® Interface For SunGard
- Microsoft® Windows Mobile 5.0
- Microsoft® .NET Compact Framework 2.0 SP2
- SQL Mobile Edition 2005
