

**Quatred, LLC** is a SunGard<sup>®</sup> Preferred Solution Provider for RF, RFID, bar coding, and mobile computing. Working closely with SunGard Public Sector, Quatred developed the QUICK<sup>®</sup> Mobile Computing/Bar Coding Interface. QUICK<sup>®</sup> is a powerful, flexible, seamlessly integrated solution based on state-of-the-art hardware and software for users of SunGard's Public Administration and Public Safety & Justice applications.

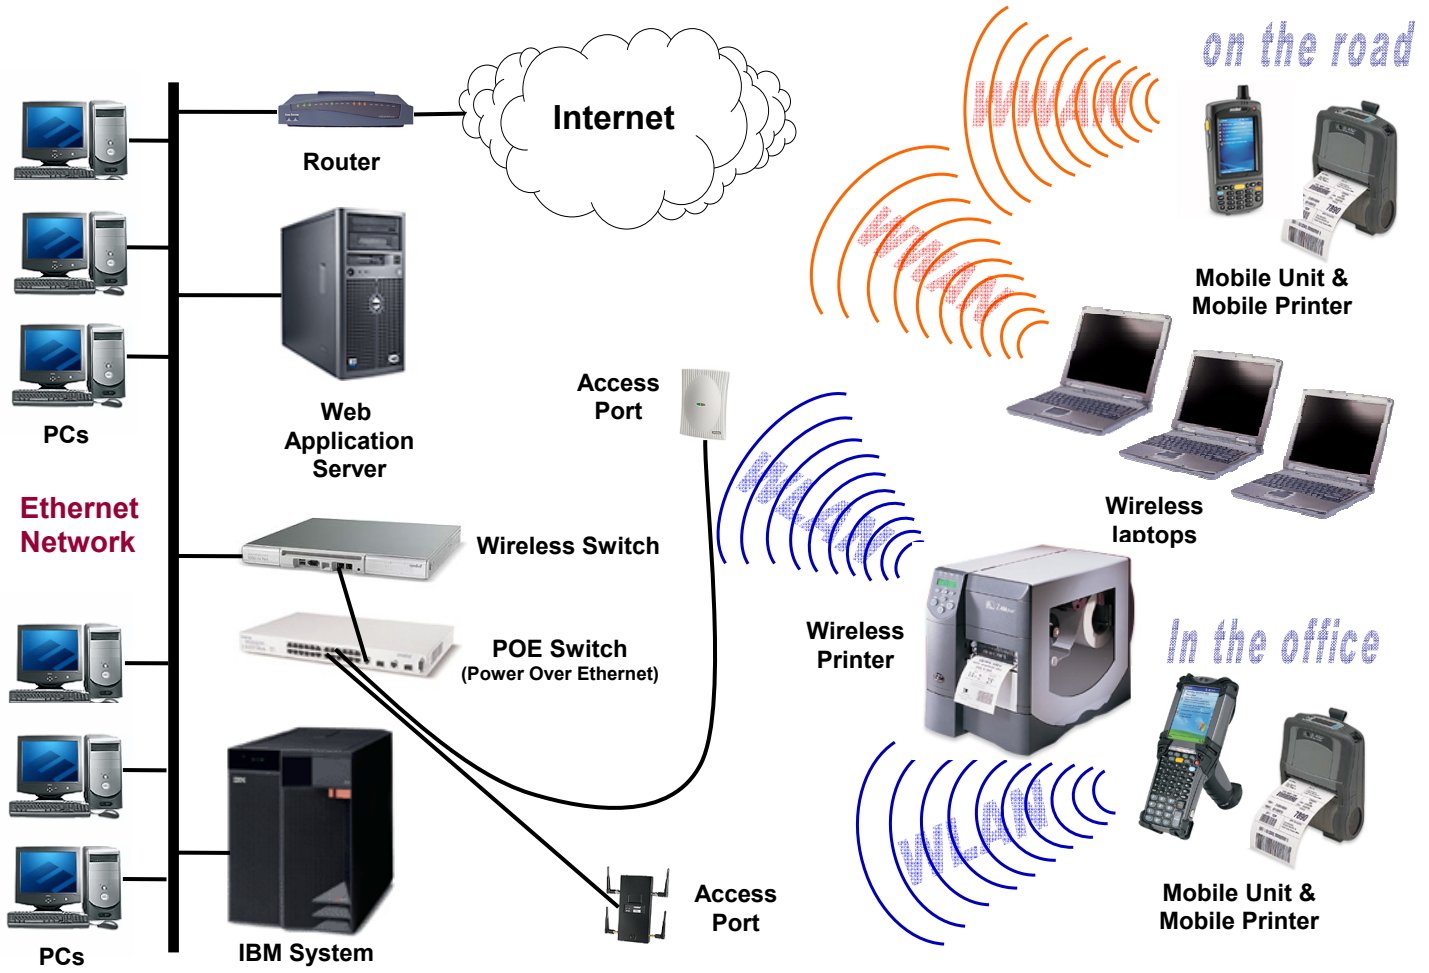

## QUICK<sup>®</sup> Features & Benefits

- Online real-time access to SunGard HTE applications in the office or on the road
- Online/Offline modes
  - ✓ Online – Transactions are processed immediately as they occur
  - ✓ Offline – In cases where no network connectivity is available, the mobile computers store information until they are within range of a wireless network. As soon as network connectivity is re-established, the mobile computer automatically processes stored transactions.
- Wireless freedom & flexibility
  - ✓ Work in the office over a wireless local area network (WLAN)
  - ✓ Work on the road over a wireless wide area network (WWAN)
  - ✓ Work out of range of any network in offline mode
- Easy scanning operation
  - ✓ 1D or 2D bar codes
  - ✓ RFID tags
- QUICK<sup>®</sup> print support for Zebra bar code printers
- Open technology compatible with most wireless providers
- Easily adapted to accommodate advances in technology or changing/new requirements

Quatred, LLC is a systems integrator who assists clients in the implementation of advanced "Touchless Technologies"<sup>®</sup>. We design, develop, deploy and support comprehensive solutions which integrate Touchless Technologies with applications and business processes across all industries.

The following are the minimum requirements for implementing the QUICK® Mobile Computing/Bar Coding Interface for SunGard public administration and public safety applications.

**QUICK® Interface Overview Diagram**

**Web Application Server**

- ✓ Microsoft® IIS 6.0 or higher
- ✓ Microsoft® .Net Framework 2.0 or higher
- ✓ IBM® iSeries Access V5R3M0 (latest PTFs)
  - Only Data Access Component / .Net Data Provider

**Motorola MC70 or MC9090**

- ✓ QUICK® Interface For SunGard
- ✓ Microsoft® Windows Mobile 5.0
- ✓ Microsoft® .NET Compact Framework 2.0 SP2
- ✓ SQL Mobile Edition 2005
- ✓ Fusion 2.5.299

**IBM System i**

- ✓ V5R2M0 or higher
- ✓ SunGard® HTE Public Admin or Public Safety Bar Coding Interface
